MEMORANDUM

To: Board of Adjustment

Date: July 7, 2020

FROM: Rian Harkins, Senior Planner

RE: VAR20-04 1001 S Husband, Section 23-121 (b), fence heights in the front yard setback, Rex Hays

BACKGROUND

The subject site is located at the southeast corner of the intersection of 10th and Husband. The property owner had applied for a variance in the spring of 2020, but was delayed to the Emergency Declaration relating to Covid-19 until now.

However, due to the notice for adjacent property owners incorrectly listing the date, the item will need to be heard at the August meeting of the Board of Adjustment after a new public notice is sent to the newspaper and adjacent property owners. The Board will not be able to take action on the item until that time.
