

# Existing Site Conditions

Looking West on McElroy Rd. Note no sidewalk

Looking North along the channel showing current erosion conditions

Looking North along Duck Street

Project Location

Looking North on Duck Street. Existing sidewalk shown.

# Proposed Renovation

Proposed gabion style retaining wall.

Proposed Boulder style retaining wall.

A combination of gabion style and rock boulder retaining walls are to be used to stabilize the creek bank and provide a manicured appearance.

Example of typical gabion style retaining wall.

Possible edging appearance of a gabion style retaining wall.
