Name of board/committee:

Board of Adjustment

Why are you interested in serving on this board/committee?:

As a building Designer, I deal with code and zoning issues on a daily basis. Having a good understanding of the building codes and zoning laws, as well as why those laws and codes are in place, I think would be helpful to this board.

Qualifications for serving on this board/committee?:

I have been a building designer for 26 years. I have worked on numerous projects in 26 different states and 5 different countries. This has exposed me to not only local and Oklahoma building codes, but codes from many jurisdictions. As a retired Stillwater Police Sergeant, I have a lot of experience with dealing with the legal process and applying laws to specific situations.
