

Meeting Date: February 11, 2019

Report No. CC-19-17

Agenda Item: 3d

Purpose: The Emergency Management Department would like to apply for a hazard mitigation grant through the State Office of Emergency Management to pay for the re-write and update of the current hazard mitigation plan

Budget Impact: Funds are available in the FY19 budget.

Prior Council Action or Part of an Approved Project: No

Recommendation: Staff recommends authorization for the Emergency Management Department to apply for a hazard mitigation grant to reimburse expenses incurred in the update of the City's hazard mitigation plan.

Prepared by: Rob Hill, Director of Emergency Management

Submitted by: Norman McNickle, City Manager

---

Background Information: The City of Stillwater hazard mitigation plan will expire in August 2020. The process to re-write and update the plan takes approximately 12-18 months. This grant will reimburse expenses incurred by the city related to updating the plan and pay the engineering firm.
