Dear Stillwater City Council,

In May 2021 Stillwater Housing Authority requested the property Lots Seven (7), Eight (8), and Nine (9) in Block Five (5) Duncan's Addition be deeded to the Stillwater Housing Development Corporation. If the property is deeded to Stillwater Housing Authority, the property is immediately entered into a Declaration of Trust with the Department of Housing and Urban Development. In order to develop or sell the property, the housing authority must apply to SAC (Special Applications Center) to gain permission. This is a minimum of a two-year process.

If the property is deeded to the Stillwater Housing Development Corporation, then the property can be developed immediately. The development corporation plans to build 8 one-bedroom cottages to be leased to low-income families through the Housing Choice Voucher Program.

If you have any questions, my contact information is listed below. Thank you for your consideration.
