**REPORT TO AIRPORT AUTHORITY**

**SRAA-16-10**

---

**Date of Meeting:** March 24, 2016

**Subject:** Approval of LBR, Inc. Amendment #10 engineering agreement

**Purpose of Report:** Approve Amendment for engineering services

**Background Discussion:** In concert with the selection of engineering firm to perform professional services for the projects listed below, requests for proposals were advertised with a closing on March 5, 2016. Six firms submitted proposals and are being evaluated.

- 1-Install parallel taxiway system
- 2-Rehabilitate Runway 4-22 and associated taxiway system
- 3-Expand and reconstruct terminal apron
- 4-Miscellaneous ramp and taxi lane segments

After meeting with Mr. Dale Williams, Oklahoma Aeronautics Commission to review the required timelines and discuss the step by step processes for the new project, we moved forward quickly with the selection of an engineering firm from the submitted proposals to provide services for the new abbreviated project. Mr. Monty Karns, P.E. and I reviewed qualifications, evaluated the pool of candidates, selected LBR, Inc. to perform the engineering services to design and bid the partial connecting taxiway project. The attached proposal was received, from LBR, Inc. After reviewing and the evaluation, staff moved forward with a recommendation of approval of the project as well as the engineering Amendment #10 by the City Council at the March 7, 2016 meeting.

**Recommendation:** Staff recommends approval of engineering amendment for services connected to "Install partial connecting taxiways to RW 17-35".

**Prepared by:** Gary Johnson

**Date of Preparation:** March 20, 2016

**Attachments:** 1-Engineering Amendment #10

**Previous reports:** SRAA-16-09
