STILL PIONEERING

REPORT TO AIRPORT AUTHORITY

SRAA-16-29

Date of Meeting: June 16, 2016

Subject: Vendor subcommittee update regarding interim regulations standards regarding transportation service providers

Purpose of Report: The subcommittee is working on the development of additional standards as they may deal with other transportation providers. This will include but not limited to taxis cabs, ground service providers such as Lyft, Uber, hotels/motels shuttles, shuttle services, limousines, busses, and public transit. John Dorman, City Attorney and the subcommittee have been researching other airports for information how they deal with these kinds of services.

While we want to encourage transportation services for our passengers who frequent the airport, it is also important that we derive some income from these activities to meet FAA grant assurances and pay for some of the costs of operating the airport.

Recommendation: Airport staff made no recommendations at this time.

Prepared by: Gary Johnson
