RE: Calcium Oxide Supply Contract Extension Agreement

May 17, 2016

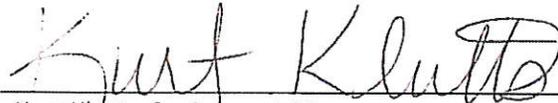

Dear Mr. Klutts,

In June 2015, US Lime Company (USL) was awarded the Calcium Oxide (lime) supply contract for the Stillwater Water Treatment Plant (WTP) at a rate of \$182.00 per ton. This letter confirms USL's intent to extend the contract for a year under the following terms:

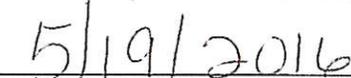

- Unit price for lime of \$182 per ton, delivered to the Stillwater WTP from July 1, 2016 to June 30, 2017.
- Meet the terms of the original contract document (Bid 48-14/15) between USL and the City of Stillwater which was accepted by the Stillwater Utilities Authority Trustees on June 15, 2015 (Report SUA-15-49).

By signing below, the parties agree to the one (1) year extension period under the original contract terms as described in the contract documents.

\_\_\_\_\_  
Dan Blankenship, Deputy City Manager

  
\_\_\_\_\_  
Kurt Klutts, Sr. Account Manager

Date

Please sign and return two originals. We will seek authorization of the SUA Trustees and then execute this contract extension agreement. Feel free to contact me with any questions.

We appreciate your willingness to continue serving the Stillwater WTP and we value our long standing relationship with US Lime.

Sincerely,

  
Bill Millis/PE  
Water Resources Director
