Re: 12WG04 – Water Line Looping, Engineer’s Recommendation for Award

Bids were received, for the above-mentioned project, and read publicly at Stillwater Municipal Building on January 10, 2018 at 3:00 pm. A total of seven bids were received and are summarized in the table below, the engineer’s estimate is also included.

Company	Total Bid Amount
Engineering Estimate	\$1,034,478.00
Downey Contracting	\$830,799.00
Danny Wick Excavating	\$973,853.89
North Central Construction	\$1,034,686.00
Luckinbill	\$1,090,797.50
Web Construction	\$1,089,876.25
Cimarron Construction Company	\$1,189,189.00
Goins Enterprises	\$1,367,227.00

Note: Totals shown above for North Central Construction and Luckinbill differ slightly from the totals submitted from the contractors.

The lowest apparent bidder is Downey Contracting.

Previous projects performed by Downey Contracting include several water line construction projects. Their most recent project in Stillwater was the OSU Central Plant. A check of reference indicates their ability to execute work timely and competently. For these reasons, it is recommended that Downey Contracting be awarded the bid for the above-mentioned project.

Respectfully Submitted,

Kelly D Harris, PE
President
