

## Electric Water Heater Rebate Program Application

*This form is to be used for the verification of installation of an electric water heater applying for the Stillwater Electric Utility - Electric Water Heater Rebate Program.*

### Instructions:

1. The applicant must complete this form. (Complete one (1) form for each electric water heater rebate request.)
2. Attach a photograph(s) of the manufacturer's data plate legibly showing Model number, Serial number, etc., on the unit. For locations where multiple units are installed, a photograph of the manufacturer's data plate for each unit is required. Attach a photocopy of the receipt(s) for the purchase of the electric water heater(s).
3. Return this completed form, copy of the receipt(s), and photograph(s) of the manufacturer's data plate(s) within 60 (sixty) days of the date the unit was placed into service to:
