

**ELECTRIC RATE
 OUTDOOR SECURITY LIGHTING (OSL)
 Revision 11**

- I. EFFECTIVE IN:** All areas served retail by Stillwater Electric Utility, hereinafter referred to as SEU, of the Stillwater Utilities Authority.
- II. AVAILABILITY:** Available, upon approval of application, to customers in all territory served by retail distribution lines of SEU. Application approval is subject to available funding during the fiscal year in which the application is made. All applications will be reviewed and considered in the order that the application was received.
- III. APPLICABILITY:** Applicable only to outdoor lighting and poles conforming to SEU specifications. Service shall be rendered only at locations which, solely in the opinion of SEU, are readily accessible for installation and maintenance and found acceptable by adjacent property owners. Security lights will only be installed on existing poles.
- IV. RATE :**
 - A. BASE CHARGE:** The monthly rate for each lighting unit is as follows:

AREA SECURITY LIGHTS

Lamp Size in Lumens	Watts	Light Source	Existing Distribution Wood Poles	Monthly kWh for Fuel Cost Adjustment
3,600	100	* Mercury Vapor	\$4.35	41
7,000	175	* Mercury Vapor	\$6.31	71
9,500	100	High pressure Sodium	\$6.95	41
20,000	400	* Mercury Vapor	\$13.66	161
25,000	200	High Pressure Sodium	\$13.97	107
36,000	400	Metal Halide	\$22.79	169
50,000	400	High Pressure Sodium	\$22.79	169
* These lighting fixtures are not available for new installations.				

- B. ADDITIONAL CHARGES:** If an extension of SEU's secondary circuit and a pole was necessary for the area security light, the above monthly rate shall be increased for each security light as follows:

Standard Wood Pole**	Overhead Wiring
30'	\$3.61
35'	\$5.44
40'	\$6.44
45'	\$7.21
50'	\$7.78
** Poles are no longer set for rental light installations.	

- V. ADDITIONAL FACILITIES:** If additional facilities other than listed above were required with the original installation, the customer shall pay an additional monthly charge equal to 1.5% of the installed cost of such additional facilities.

Where an underground system was installed, and paving or other obstructions, such as rock, etc., exist and the customer did not perform all trenching, installation of duct, backfill, and replace the paving, the customer shall pay to SEU a monthly charge equal to 1.5% of the additional cost of construction.

SPECIAL OR NON-STANDARD FACILITIES: Special or non-standard security lights will not be installed.

- VI. LATE PAYMENT CHARGE:** A late payment charge in an amount equal to ten percent (10%) of the total amount due on each monthly bill as calculated under this Rate Schedule or \$2,500, whichever is less, will be added if the bill is not paid on or before the due date stated on the bill. The due date shall be twenty-one (21) days after the bill is mailed.

- VII. FUEL COST ADJUSTMENT:** The same monthly fuel cost adjustment applied to retail customer bills will be applied to the Outdoor Security Lighting bill using the monthly kWh value as set forth earlier in this schedule.

- VIII. INSTALLATION OF UNITS:** After the effective date of this schedule, SEU's standard lighting fixture shall consist of the following type and size. Other types and sizes of lighting fixtures shall not be available for new installations:

TYPE	SIZE	WATTS
High Pressure Sodium	9,500 Lumens	100
High Pressure Sodium	22,000 Lumens	200
Metal Halide	36,000 Lumens	400
High Pressure Sodium	50,000 Lumens	400

- 1) Customer shall grant to SEU, without cost, the right to enter upon and install, operate, maintain, and remove upon or from customer's premises all electrical equipment necessary or convenient to provide the service hereunder.
- 2) The facilities furnished by SEU shall remain the property of SEU.
- 3) The facilities for lighting hereunder shall be installed at a mutually agreeable location on the customer's premises. The location shall be accessible to SEU trucks when the length of the support bracket exceeds four feet, the luminaries exceeds 11,500 lumens or the pole is of such type or material which will not permit the use of lineman's climbers.

- X. BURNING SCHEDULE:** The standard schedule shall be for dusk-to-dawn service and shall include approximately 4,200 hours of service per year. SEU will use reasonable care to maintain such service, but SEU will not be obligated to patrol to determine required lamp replacement or other maintenance of the facilities used for service under this schedule. Upon notification of any outage or required maintenance of such facilities, SEU shall be allowed a reasonable length of time to restore normal service during regular working hours.
- XI. TERM:** The customer shall contract for service on the standard SEU contract for Outdoor Security Lighting form for a period of not less than three years.
