

**SERVICE PLAN
ORDINANCE NO. 3059**

Municipal Service	Cost to Extend to Annexed Area	Commencement Date
Police	No additional cost to extend police service to the annexed area can be identified	Thirty (30) days from publication date of annexation ordinance
Fire	No additional cost to extend full fire and/or emergency response operations can be identified. No county or other fire protection district exists for this area. Stillwater Fire Department presently responds to requests for fire suppression and/or emergency services in this area under authority of a City ordinance permitting extra-territorial emergency response and establishing a rural fire protection subscription program. Residents of the area will actually experience a decrease in the actual cost of fire suppression after annexation since the City would no longer collect the subscription fee and/or charge the property owner directly for the entire cost of a fire run.	Thirty (30) days from publication date of annexation ordinance
Water	No additional cost to construct and/or maintain water service can be identified. The area is presently served by the City under the Rural Water Corporation No. 3 consolidation agreement. Any modification to the existing system will be addressed through future water system capital improvement plans.	N/A; service already in place
Wastewater	No additional cost to extend wastewater (sewer) services into the area can be identified. Tracts A and B are owned by the developer of the adjacent Hidden Oaks Subdivisions. The Hidden Oaks Homeowners Association presently operates and maintains a sewer main and a lift station that collects wastewater within the area. This system connects with a City main located along 19th Street east of Range Road. Tract C is owned by the City of Stillwater and is the location of a water tower that serves Southwest Stillwater. Tract D is connected to a lot located within Hidden Oaks that is presently served by the Hidden Oaks Homeowners' Association owned sewer main.	N/A; service already in place
Electric	No additional cost to construct and/or maintain electric service can be identified. The area is presently served by Central Rural Electric Cooperative (CREC). CREC will be responsible for maintenance and/or expansion of the electric distribution system in the area under a 2008 service agreement between said provider and the City.	N/A; service already in place
Solid Waste	No additional cost to construct and/or maintain	N/A; service already in

	garbage service can be identified. The area is presently served by the City sanitation.	place
