

SINGLE-STREAM RECYCLE CART

Accepted: Metal Cans, Cardboard and Paper Products

Accepted Plastics: PETE HDPE PP

For plastics, there is typically a number inside the recycling symbol, which tells you what type of plastic that item is made out of.

Unaccepted Items: household trash and plastics: V LDPE PS OTHER

Questions?

Plastic not numbered or can't find the number? Throw it in your trash cart.

When in doubt, throw it out.

Glass Recycling:

Use your curbside glass recycle tote (picked up first collection day of the month, including holidays). Or, take glass to the Convenience CollectionCenter.
